SALE LOCATION

Magness Land & Cattle Southern Division
10801 South 520 Road - Miami, OK 74354
Colorado Office: 970-785-6170

TERMS & CONDITIONS

Terms are cash. The cattle sell under the standard terms and conditions recommended by the North American Limousin Foundation.

HERD HEALTH

All bulls will be accompanied with proper health certificates for immediate shipment to most locations in the United States. All cattle have been tested for: Arthrogryposis Multiplex (AM), Neuropathic Hydrocephalus Free (NH), Homozygous Polled and Black and have had passed breeding soundness exams. All bulls are virgins and have been Trich tested.

VACCINATION PROGRAM

All bulls selling have been vaccinated/poured with Ivomec, Spirovac VL5, Titanium 5, TSV-2, Vision 7 Somnus with SPUR.

SUPPLEMENTAL INFORMATION

A supplement sheet with additional information will be available on sale day and online at www.magnesscattle.com

ANNOUNCEMENTS

Announcements made sale day and from the auction block during the sale will take precedence over printed material in the catalog or other printed material associated with the sale.

INSURANCE

Insurance will be available through Grassroots Insurance, 515-229-5227, sale day.

TRUCKING

Truckers will be available to assist you in shipping your purchase.

LIMOUSIN BREEDERS AND PROGRESSIVE COMMERCIAL CATTLEMEN,

The Magness Land and Cattle Spring Bull Sale is scheduled for Sunday, March 22, 2015 at the Southern Division headquarters in Miami, Oklahoma. This outstanding set of bulls once again features members of the Grand Champion Carload, the Reserve Grand Champion and People's Choice Carload, the Champion Purebred Pen of 3 and the Champion, People's Choice and Reserve Champion Lim-Flex Pen of 3 from the 2015 National Western Stock Show in Denver. Bulls selling will be Spring Yearlings and Fall Yearlings that have ultrasound data, are semen tested and ready to work.

Of the many factors that affect the bottom-line in this business, the bull power we use in our breeding program is the one factor that we have the most control over, particularly in the commercial cow-calf segment of our industry. To that end, in the catalog you will find EPD profiles that reflect the very best in Limousin and Lim-Flex genetics. Furthermore, you will find ultrasound data and performance data including actual birth weight, adjusted weaning weight, adjusted yearling weight, adjusted scrotal circumference, rib eye area and percent IMF. When you analyze the bulls phenotypically, you will find the bulls to be docile, structurally correct, muscular and easy fleshing. In addition, you can add the inherent value of heterosis to the performance of your calf crop.

While the beef cattle industry continues to enjoy the highest prices in history, the spread in value of genetically superior calves is also at an all time high. The bulls that can sire these market topping calves are available in this sale as indicated by their visual traits and outstanding genetic profiles. Once again we are offering a 5% discount on the purchase of 5-9 bulls and a 10% discount on the purchase of 10 bulls or more. Should you wish to trade in your old bull for a new one, we are offering you the top of the market for your old bull, plus an additional \$300 for each new bull you purchase at this year's sale.

Once again, buyers have the option to put one third down on sale day with the balance due October 15, 2015 for any bulls purchased in this sale and the bulls are unconditionally guaranteed for the first breeding season.

We look forward to seeing you at the sale. Please plan to join us for lunch. Should you have any questions don't hesitate to call George Hubbard, John Pence, Dr. John Edwards, Kiley McKinna and other members of the sale staff listed in the catalog.

Sincerely,
Gary Magness

Schedule

Saturday, March 21, 2015

Deal preview all afternoon

Sunday, March 22, 2015

8:00 AM Coffee & Pastries

12:00 Noon Complimentary Lunch

1:00 PM **MAGNESS LAND & CATTLE

DIRECTIONS

From Tulsa or Springfield:

Exit off of I-44 on Exit 313. Turn West on to Steve Owen's Blvd (Hwy 10). Stay on Steve Owen's Blvd through Miami. Turn right onto Hwy 59/10. Go 2.5 miles. Turn right on 520 Road. Sale site will be on the left.

From Welch:

Go six miles on Hwy 59/10. Turn left on 520 road. Sale site will be on the left.

AIRPORTS & DRIVE TIMES

Joplin, MO: 40 min.

Springfield, MO: 1 hr., 45 min.

Tulsa, OK: 1 hr., 30 min.

Wichita, KS: 3 hrs., 30 min.

ACCOMMODATIONS

Hampton Inn, Miami, OK 918-541-1500

Ask for Magness Land & Cattle room block and rate.

Bull Shopping Made Easy

In an effort to help you make the best genetic decision, based on your needs, we have adopted a method that can help you easily identify bulls that benefit you in the following areas. Each bull has been physically and visually inspected and the pedigree, EPDs, and performance data has been evaluated to identify bulls that we feel will excel.

G HIGH GROWTH

Each lot with "G" indicates bulls we feel will add growth above the breed average based on EPDs and the individual performance.

M HIGH MILK

Each lot with "M" indicates bulls that can add maternal ability or milk to offspring.

MA HIGH MARBLING

Each lot with "MA" indicates bulls whose marbling EPD and/or their ultrasound IMF% indicates their ability to sire offspring to fit the mainstream market.

CALVING EASE RATING

- **** Excellent calving ease, use with confidence on any type of heifers
- *** Superior calving ease, should work with most heifers and most situations
- ** Moderate calving ease, most people will use these bulls on cows
- * These bulls are recommended for cows only

CRITERIA FOR LETTER RANKING

LIMOUSIN

High Marbling:
EPDs \geq .39 (Top 30%)
Scan %IMF \geq 3.0

Analyzing the Data

PERFORMANCE EPDS

CE Stands for **CALVING EASE DIRECT** and is important when choosing sires to produce calves born easily. The higher the number the better.

BW Expresses the difference in birth weight on the progeny of the bulls being compared. Lower birth weight EPDs indicate lighter progeny birth weights.

WW Expresses the difference in lbs at 205 days on the progeny of the bull being compared.

CARCASS EPDS

CW Expresses the difference in pounds of carcass weight.

RE Expresses the difference in square inches of rib eye area. Larger values indicate larger ribeye areas.

YG Indicate genetic differences for yield grade and cutability of offspring. Lower values are more favorable.

MS Expresses the difference in the amount of intramuscular fat in the ribeye. Higher values are favored.

\$MI The **MAINSTREAM TERMINAL INDEX** takes genetics and economics into account to rank animals in terms of expected profit per carcass produced from weaning to mainstream market endpoints of yield grade 1s and 2s and Select to low-Choice quality grades.

YW Expresses the difference in pounds at 365 days on the progeny of the bull being compared.

MA Stands for **MILKING ABILITY** and predicts differences in weaning weights from daughter's calves due to genes inherited for milk.

CM Stands for **CALVING EASE MATERNAL** and is important for choosing sires that produce replacement females that give birth to their first calf easily. The higher the number the better.

SC Stands for **SCROTAL CIRCUMFERENCE** and compares the difference expected in sons of the animal. Scrotal EPDs are a good indicator of age of puberty of both the sons and the daughters of the animal.

DC Stands for **DOCILITY** and is a predictor for animal behavior. A higher value represents genetics for calmer behavior.

Hands down here is one of the sale highlights and one of the best individuals we've ever created at Magness Land & Cattle. He comes to you in a popular bred, super stout featured, heavy structured, massive made, deep sided, wide topped and muscular package. Note, he charted a usable 70 lbs of birth weight and posted an impressive 756 lbs of adjusted weaning. Take it one step further numerically, notice he ranks in the top 30% or better in 8 economically relevant traits - CE, BW, WW, YW, MA, CM, MS and \$MI. Furthermore, from a pedigree standpoint he's an own son of the popular A.I sires MAGS Zodiac that topped our 2013 annual sale at \$30,000. The bottom-line is, if you're looking for that combination bull that brings calving ease, growth, structural integrity and pedigree to the table, there's little need to look further than Bayou.

Here's one that promises to catch your attention sale day! Broadway is a flawless structured, flat shouldered, long fronted, level made herd sire prospect that carries a tremendous amount of rib shape. On paper, he offers well above breed average growth, ranks in the top 10% for both marbling and \$MI plus he posted an impressive adjusted 40.80 cm scrotal circumference. On March 22, if you're in the market for a homozygous black bull that's functionally sound and attractive made don't overlook this exceptional Winston son.

Check out this sure fire crowd favorite sale day! Visually the terms big footed, deep bodied, thick and rugged describe this lunker to a tee. Numerically, this double homozygous son of the \$48,000 MAGS Y-Axis A.I sire posted more than 822 lbs of adjusted weaning weight, over 16 inches of rib-eye and quite simply projects to sire heavy weight calves that'll mash the scales down. EPD-wise he's one of the best in the entire offering; he ranks in the top 30% or better in 11 traits - CE, BW, WW, YW, MA, CM, SC, DC, CW, RE and YG. Folks, make no mistake if you have a set of cattle that you want to make thicker, bolder ribbed and bigger numbered - we think he'll do it.

Simply put, if you're looking for a homozygous polled, calving ease bull that offers well above average growth this bull is one to circle in your catalog sale day. Visually, Bogota is well balanced, smooth patterned, deep sided, square hiped and extra sound structured. On paper, notice he ranks in the top 10% of the breed for calving ease and posted over 1300 lbs of yearling weight. Take it a step further, his carcass numbers are impeccable because not only does he chart over 15 inches of rib-eye but he also still ranks in the top 2% for both marbling and \$MI.

Calling all cowboys - if heavy weight calves at weaning are what trips your trigger take a look at this homozygous polled, big middled, rugged designed, lunker sale day. EPD-wise, he is very well balanced across the page and is highlight by both his weaning (top 3%) and yearling weight (top 1%). Additionally from a data standpoint he excels, he posted a huge adjusted weaning of 919 lbs and ratio'd a staggering 116 among his stout contemporaries. There's little question next fall his calves will be in high demand.

Made right - that's a term that can be used to describe this homozygous black son of the many time national champion and famed A.I sire, MAGS Xyloid. Visually, Brotherhood is super sound footed, great fronted, deep bodied, level down his top, square hipped and heavy structured. We fully anticipate he will put some style, stoutness and inject some marbling into your calf crop. Look for him sale day.

Be sure not to overlook this high performing, big middled herd sire prospect March 22! If you like homozygous black cattle with a high degree of fleshing ability, natural growth and structural integrity turn your attention towards Black Smudge. Notice on paper he ranks in the top 20% or better for weaning weight, yearling weight, carcass weight, marbling and mainstream terminal index. The bottom-line is, here's a herd sire prospect that combines functionality and numbers to the highest degree.

Study this sound structured, long fronted, big middled herd sire prospect that comes to us in a homozygous black package. If you're of the belief every great herd sire is backed by a tremendous cow family, then be sure to circle Baltazar in your catalog sale day! Notice he's out of the famed MAGS Paradise Canyon donor that has 50 registered calves on file and many of which were sale toppers and show champions. The bottom-line is, here's a herd sire prospect that offers a high degree of physical quality and pedigree predictability.

High quality is a fitting term for this double homozygous son of our \$52,000, 2012 sale topper and elite A.I sire Mags Yip. Phenotypically, Bulletproof combines rib and muscle to the highest degree. Study the true rib shape through his center body and natural thickness he possess and we think you'll be impressed. Additionally, on paper he ranks in the top 20% for calving ease, milk and marbling.

Calving Ease Means Profit

This year's sale offering we have made a concentrated effort to bring you a variety of bulls that excel in the beef industry's number 1 profitability trait - calving ease. Take note, we have went the extra mile to help simplify your selection process by implementing a NEW calving ease scoring system. The star rating in place is designed to help you rapidly identify bulls that best fit your program's immediate need.

Calving-Ease Scoring System

- **** Excellent calving ease, use with confidence on any type of heifers.
- *** Superior calving-ease, should work with most heifers and most situations.
- ** Moderate calving-ease, most people will use these bulls on cows.
- * These bulls are recommended for cows only.

THE MAGS PROGRAM

You're not just buying a bull...

You're buying an industry-leading program

HERD BULL TRADE-IN PROGRAM

Now is the time to upgrade your genetics. We will pay you \$300 over market price for your old herd bulls. Bring your bulls sale day and receive market value, plus an additional \$300 premium toward the purchase of a new Magness bull.

THE DETAILS

- » Bulls must be antibiotic free for the appropriate withdrawl period.
- » Bulls that have *NEVER* had antibiotics or hormones in their entire life receive a premium.
- » Pricing and drop-off arrangements must be made prior to sale day.
- » Only accepting bulls at the Miami, Oklahoma ranch location.
- » The value and premium will be deducted from the purchase price of your new Magness bull.

MAGNESS LAND *And* CATTLE

0% FINANCING

» Pay 1/3 of purchase price at the sale. The balance is due October 15, 2015.

VOLUME BUYER PROGRAM

» Buy in bulk and receive a discount. Buy 5-9 bulls and receive a 5% discount. Buy 10 or more bulls and receive a 10% discount. Call George Hubbard, 918-541-5482, for details.

UNCONDITIONAL ONE BREEDING SEASON GUARANTEE

GUARANTEED SIGHT-UNSEEN PURCHASE PROGRAM

» Our sight-unseen program is simple. If you can't attend, call George Hubbard, 918-541-5482, and give him your specifications and budget. We will provide you with a list of bulls we feel will meet your needs. If the bulls don't meet your specification at delivery, you don't own them. We guarantee your bids will be confidential and your purchases will be executed at the lowest bid possible.

BREED-LEADING PREDICTABLE GENETICS

» We have spent 30 years creating predictable, time-tested genetics with the combination of balanced EPDs and off the charts performance data. Our cattle perform on paper and in the pasture.

MAGES

Fall Bulls

LOTS 63-130

In this segment of the sale, we are pleased to yet again offer a stout set of well developed fall yearling bulls. Found in this elite set of 18 month old bulls is the 2015 National Western Stock Show Grand Champion Pen of purebred bulls, the Reserve Grand Champion and People's Choice Champion Carloads. These virgin herd sire prospects are optimal for usage in rugged range conditions. As you study these bulls, note they have been developed slowly, are range ready and able to cover the cows you put in front of them. Bid with confidence.

THE BRAND YOU TRUST ... THE RESULTS YOU EXPECT

.20	.21	.20	.20	.18	.19	24	P	.17	.17	.18	.19	

This is a true sale feature and a rare buying opportunity to purchase our 2015 National Western Stock Show lead herd sire prospect in our People's Choice Champion Carload. From a phenotypic standpoint, here's an individual that is flawless at the ground - he's big footed, relaxed in his pasterns, long striding and one that hits you hard when he's set in motion. Aside from that, he was admired for his front end design, depth of body, square hip and natural muscle shape. Numerically, he offers a distinct calving ease advantage - ranking among the breed's top 10% and note he posted a user friendly birth weight of 75 lbs. Also, worth noting is he's out of an exceptional donor cow that we admire for her udder shape, reproductive efficiency and phenotypic design. Simply stated, don't miss this exceptionally well rounded individual sale day.

Hands down this high percentage herd sire prospect is one of the sale highlights! Coming to you in a homozygous polled package is this member of our 2015 National Western Stock Show Grand Champion Pen of Limousin Bulls. Visually he is super stout featured, heavy structured, massive through his rib cage, wide topped and muscular through his quarter. Numerically, he ranks in the top 20% or better for weaning, yearling and scrotal. Plus, note he is in the top 2% for both marbling and mainstream terminal index. If you're looking for that high percentage bull that combines phenotype, growth and numbers in one package, there's little need to look further than Adamson.

Big footed, deep bodied, thick and rugged describes this luncker. On paper this high percentage herd sire prospect posted more than 867 lbs of weaning weight and projects to sire heavy weight calves that'll mash the scales down. Also, numerically take note he ranks in the top 25% for these economically relevant traits - WW, YW, MA, SC and CW. The bottom-line is, if you have a set of cattle that you just want to make thicker and stouter - we're confident he'll do it.

Turn your attention to this exceptionally well designed, homozygous polled son of the highly popular MAGS Xukalani A.I. sire. Visually, Ambition is big footed, smooth shouldered, wide topped and bold ribbed. On paper you can appreciate the numerical balance he offers ranking in the top 25% or higher for CE, WW, YW, SC, CM, CW, MS and \$MI.

If you like good footed, great fronted, long bodied, deep sided cattle that are double homozygous, then watch for this exceptional member of the 2015 NWSS Reserve Grand Champion Lim-Flex Pen. Numerically, notice he excels from a carcass standpoint offering both a rib-eye and marbling EPD's that are well above breed average. Point blank, this herd sire prospect projects to add a combination of structural correctness, growth and mainstream carcass merit.

Picture perfect, flawlessly designed, super sound structured and thick-ended describes this big numbered, homozygous black son of EXAR Upshot 0562B. Aside from his attractive phenotype, his numerical advantages are worth noting - he charted a user friendly birth weight of 66 lbs, ranks in the top 20% for calving ease and top 1% for rib-eye area. Simply put, don't overlook this extremely complete big-time herd sire prospect sale day.

If weaning weight, yearling weight and maternal efficiency is your priority, this big bellied, thick-ended son of the prolific MAGS Seventeen donor cow will take you exactly where you want to go. Visually, Albert is good footed, deep sided, big scrotaled and heavy muscled. On paper he's impressive - he posts more than 800 lbs of adjusted weaning weight, over 1350 lbs of adjusted yearling weight and naturally ranks in the top 1% for rib-eye area.

Study this double homozygous, athletic moving, great fronted, smooth made son of the highly popular, \$48,000 A.I. sire, MAGS Y-Axis. Aside from his phenotypic advantages, on paper he combines over 900 lbs of adjusted weaning weight with rib-eye, marbling and \$MI figures which rank in the top 25% of the entire breed.

Sale day don't overlook this power house! If you like stout featured, big bodied, thick made cattle with a lot of muscle shape, then this homozygous black herd sire prospect will suit you to a tee! On paper, Apache is quite simply impressive - he ranks in the top 10% or better for calving ease, weaning weight, yearling weight, carcass weight and rib-eye area. In addition, he projects to excel in terms of siring weaning growth not only because of his 81 WW EPD, but also his staggering 914 lbs of adjusted weaning which ratio'd 107 among his stout contemporaries.

Folks, here is a big time herd sire prospect that combines phenotype, pedigree and numbers to the highest degree. First, visually he's extra sound footed, great fronted, deep middled and projects a ton of muscle shape down his top and through the lower portion of his quarter. Pedigree-wise, this double homozygous son of the legendary Consensus A.I. sire is out of an impressive donor, MAGS Seventeen, that consistently produces eye appealing, heavy weight calves. Numerically, note his measurables are staggering - he charts over 900 lbs of adjusted weaning, over 1,300 lbs. of adjusted yearling and a scrotal circumference near 40 cm. This is truly a cowman's type of herd sire prospect.

Folks, here's a herd sire prospect that charts an impressive birth to yearling spread, projects to be maternally exceptional and is great from a carcass merit standpoint. Note, he posts a \$MI figure that ranks in the top 3% of the breed. Visually, this double homozygous son of the famed Connealy Consensus 7229 A.I. sire is sound footed, perfectly designed through his center body and carries more than enough muscle shape into the lower portion of his quarter. Super practical herd sire prospect that does a lot right.

Take a good look at this extra long bodied, level made, sound footed individual. Pedigree-wise, he projects to be super predictable because he's by the widely used and consistent Connealy Consensus 7229 A.I. sire and out of a former national champion and great donor cow MAGS Udele. Paper-wise, he is highlighted by his birth to yearling spread, milk EPD of 32 and balanced carcass merit. Also, this homozygous polled herd sire prospect has a big scrotal circumference and impressive adjusted weaning weight of 955 lbs.

Understanding the New Limousin EPDs

The Spring 2015 North American Limousin Foundation EPDs have greater predictability from the benefit of an international multi-breed genetic evaluation. The Limousin and Lim-Flex EPDs are directly comparable to Red Angus, Simmental and Gelbvieh, among other breeds, making selection decisions easier for commercial producers.

Comparison of Averages for 2013-14 Born Non-Parent Animals in NALF Herdbook

		CED	BW	WW	YW	MA	CEM	SC	ST	DOC	CW	REA	YG	MARB	\$MTI
Limousin	Fall 2014	9.1	1.5	47.2	83.9	23.0	4.8	0.5	19.8	21.1	25.9	0.55	-0.07	0.00	45.1

Ask the Experts - Limousin sired calves work

“In these times when the margin on feeding cattle is so slim, the difference between YG 1-2 and YG 3 can be the difference in a profit or loss on a set of calves. We run a lot of Limousin influenced cattle through our barn and they consistently top the market and make our customers money.”

-Jackie Moore, Owner/Operator
Joplin Regional Stockyards, Missouri

Moore is a lifelong cattleman who knows the ins and outs of the cattle industry. When Limousin genetics come through his sale barn, particularly in a hybrid package, he can pretty much guarantee that those cattle are going to grow more efficiently and have a higher cutability. Day in and day out, Moore has the opportunity to see thousands of cattle marketed across the midwest, and he knows what type of investments are going to yield the highest return for his customers.

THE LIMOUSIN ADVANTAGE

Limousin and Lim-Flex® (Limousin x Angus hybrid) deliver to your bottom line.

- ‡ Calving ease & calf vigor
- ‡ More pounds to sell at weaning
- ‡ Feed efficiency
- ‡ Tested & proven docility
- ‡ Cow & bull longevity
- ‡ Carcass merit

To learn more about the Limousin advantage,
visit www.NALF.org or call 303-220-1693.
