## Limousin Breeders and Progressive Commercial Cattlemen,

The annual Magness Land & Cattle Spring Bull Sale is scheduled for Sunday, March 20, 2016, at the Southern Division headquarters in Miami, Oklahoma. This outstanding set of bulls once again features members of the Grand Champion and People's Choice Champion Carload, the Reserve Grand Champion Carload and the Grand Champion Lim-Flex Pen of Three from the 2016 National Western Stock Show in Denver. The bulls selling are Spring and Fall Yearlings that have ultrasound data, are semen tested and ready to go to work.

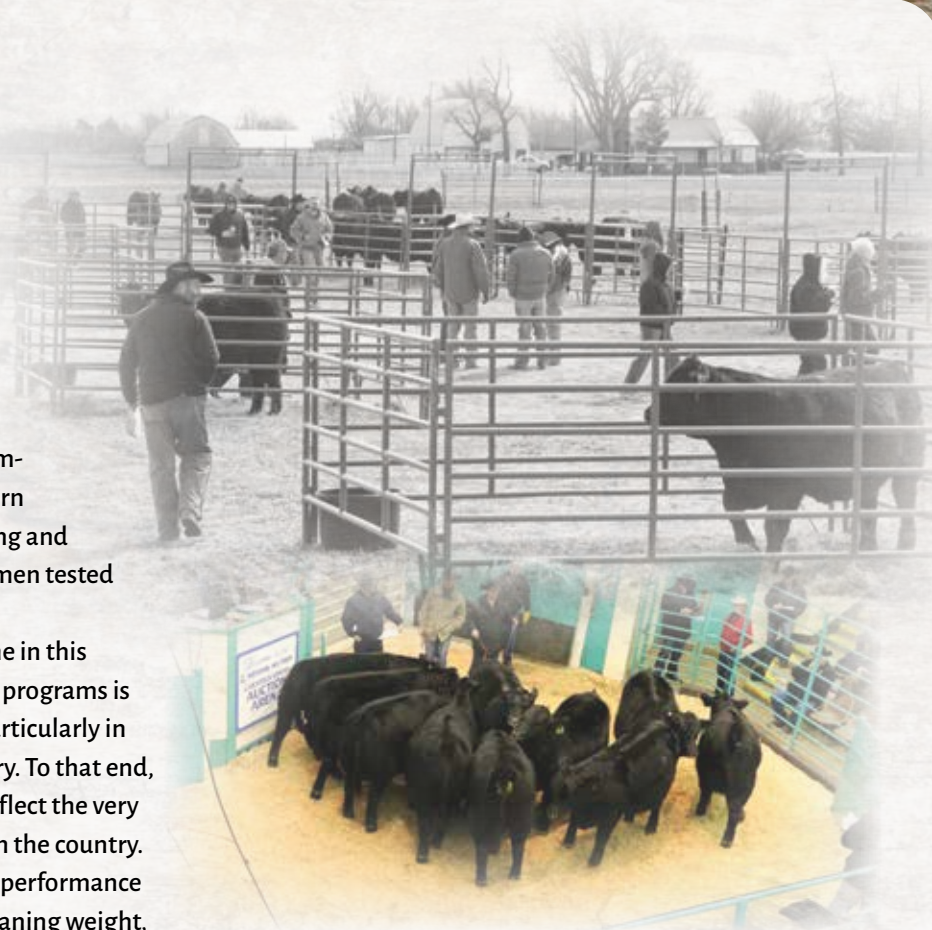

Of the many factors that affect the bottom line in this business, the bull power we use in our breeding programs is the one factor we have the most control over, particularly in the commercial cow-calf segment of our industry. To that end, in this catalog, you will find EPD profiles that reflect the very best Limousin and Lim-Flex genetics available in the country. Furthermore, you will find ultrasound data and performance data including actual birth weight, adjusted weaning weight, adjusted yearling weight, adjusted scrotal circumference, ribeye area and percent IMF. When you analyze the bulls phenotypically, you will find the bulls to be docile, structurally correct, muscular and easy fleshing. In addition, you can add the inherent value of heterosis to the performance of your calf crop.

While the beef cattle industry is experiencing a market correction as it relates to 2015, the fact remains, we are currently experiencing a market that is the seconded highest in history. That said, the premium placed on genetically superior calves is also at an all-time high. The bulls that can sire market-topping calves are available in this sale as indicated by their visual traits and outstanding genetic profiles.

Once again we are offering a 5% discount with the purchase of 5-9 bulls and a 10% discount with the purchase of 10 bulls or more. Buyers also have the option to put one-third down sale day with the balance due October 15, 2016, for any bulls purchased in this sale. And as always, the bulls are unconditionally guaranteed for the first breeding season.

We look forward to your attendance. Plan to join us for lunch, and should you have any questions don't hesitate to call John Pence, Kirk Johannsen, Kiley McKinna or other members of the sale staff listed in the catalog.

Sincerely,  
Gary Magness

# Bull Shopping Made Easy

In an effort to help you make the best genetic decisions, based on your needs, we have adopted a method to help you easily identify bulls that benefit you in the following areas. Each bull has been physically and visually inspected, and the pedigree, EPDs and performance data has been evaluated to identify bulls we feel will excel in four extremely economically important traits.

## Selling...

- 122 Lim-Flex Bulls
- 4 Purebred/Percentage Bulls
- 88 Homozygous Polled
- 108 Homozygous Black
- 79 Double Homozygous

### CE - CALVING-EASE

Superior calving-ease should work with most heifers and most situations

### G - HIGH GROWTH

Each lot with "G" indicates bulls we feel will add growth above the breed average based on EPDs and individual performance.

### M - HIGH MILK

Each lot with "M" indicates bulls that can add maternal ability or milk to offspring.

### MB - HIGH MARBLING

Each lot with "MB" indicates bulls whose marbling EPD and/or their ultrasound IMF% indicates their ability to sire offspring to fit the mainstream market.

# Analyzing the Data

## PERFORMANCE EPDs

**CE** Stands for CALVING-EASE DIRECT and is important when choosing sires to produce calves born easily. The higher the number the better.

**BW** Expresses the difference in birth weight on the progeny of the bulls being compared. Lower birth weight EPDs indicate lighter progeny birth weights.

**WW** Expresses the difference in lbs. at 205 days on the progeny of the bulls being compared.

**YW** Expresses the difference in pounds at 365 days on the progeny of the bulls being compared.

**MK** Stands for MILKING ABILITY and predicts differences in weaning weights from daughter's calves due to genes inherited for milk.

**CM** Stands for CALVING-EASE MATERNAL and is important for choosing sires that produce replacement females that give birth to their first calf easily. The higher the number the better.

**SC** Stands for SCROTAL CIRCUMFERENCE and compares the difference expected in sons of the animal. Scrotal EPDs are a good indicator of age of puberty of both the sons and the daughters of the animal.

**DC** Stands for DOCILITY and is a predictor for animal behavior. A higher value represents genetics for calmer behavior.

## CARCASS EPDs

**CW** Expresses the difference in pounds of carcass weight.

**RE** Expresses the difference in square inches of rib eye area. Larger values indicate larger ribeye areas.

**YG** Indicate genetic differences for yield grade and cutability of offspring. Lower values are more favorable.

**MB** Expresses the difference in the amount of intramuscular fat in the ribeye. Higher values are favored.

**\$MI** The MAINSTREAM TERMINAL INDEX takes genetics and economics into account to rank animals in terms of expected profit per carcass produced from weaning to mainstream market endpoints of yield grade 1s and 2s and Select to low-Choice quality grades.

## Lots 1-69

*Being one of the largest suppliers of Limousin bulls in the nation is a job we take very seriously. Given the volume of bulls we sell and the variety of customers we must service, we work diligently to provide a unique cross-section of bulls both from a parentage standpoint, as well as from an end product standpoint. Needless to say, we are extremely proud of the yearling bulls brought forth to you this year for your appraisal. We truly feel there is something for everyone whether it be calving-ease, high marbling, impressive growth, or combination bulls that do many things very well. As customers, we value your comments and suggestions on how we can provide you an even better product in the future.*

Limousin breeders and enthusiasts, this is a unique buying scenario that rarely comes along. From the heart of our breeding program and the National Western Stock Show champion carload and pens—we are offering the opportunity to invest in these elite sires. We have designed this package around these three bulls based on phenotypic quality, pedigree predictability and differentiation, breed leading EPDs and homozygous traits. We believe these unique sires are right for what the mainstream cattle business is demanding while providing our customers the opportunity to invest in nothing but our very best.

This bull puts it all together, starting with a dynamite pedigree. By one of the hottest young bulls on the market, MAGS Zodiac, and out of a female by the wildly popular MAGS Y-Axis, this double Homozygous 56% Lim-Flex has all the makings of the next great one. Take note of his unique number package accentuated by monster EPDs for WW, YW, CW and \$MI. His actual performance is equally impressive, highlighted by a 41 cm. scrotal measurement. Without a doubt, a bull that needs to end up in the hands of a progressive seedstock producer.

Being out of Zappo and a Xukalani daughter, there is lots of eye appeal bred into this HOMO black prospect. But there is plenty of substance there as well given his 4.1 ultrasound marbling measurement and impressive EPD profile highlighted by exceptional numbers for WW, YW, SC, CM, CW, MS and \$MI.

## Calving-Ease Means Profit

We have made a concentrated effort to bring you a variety of bulls that excel in the beef industry's number 1 profitability trait—calving-ease. Take note, we have went the extra mile to help simplify your selection process by denoting the bulls we feel are calving-ease candidates.

# THE MAGS PROGRAM

*You're not just buying a bull...  
You're buying an industry-leading program*

## **0% FINANCING**

» Pay 1/3 of purchase price at the sale. The balance is due October 15, 2016.

## **VOLUME BUYER PROGRAM**

» Buy in bulk and receive a discount. Buy 5-9 bulls and receive a 5% discount. Buy 10 or more bulls and receive a 10% discount.

## **UNCONDITIONAL ONE BREEDING SEASON GUARANTEE**

» We take great pride in our customer service program. If your MAGS bull goes unsound for any reason, rest assured we will stand behind our product 100%.

# MAGNESS LAND *And* CATTLE

## **GUARANTEED SIGHT-UNSEEN PURCHASE PROGRAM**

» Our sight-unseen program is simple. If you can't attend, call Kiley McKinna, 402-350-3447 or John Pence, 970-396-3584, and give them your specifications and budget. We will provide you with a list of bulls we feel will meet your needs. If the bulls don't meet your specifications at delivery, you don't own them. We guarantee your bids will be confidential and your purchases will be executed at the lowest bid possible.

## **BREED-LEADING PREDICTABLE GENETICS**

» We have spent 30 years creating predictable, time-tested genetics with the combination of balanced EPDs and off the charts performance data. Our cattle perform on paper and in the pasture.

# Fall Yearling Bulls

## Lots 70-124

*As you study this big, stout set of fall yearlings, please know we have taken every step available to ensure your purchase will serve you well for many years. These bulls have been rigorously culled while being developed with longevity as an utmost priority. Simply stated, these bulls should breed a lot of cows for many years. In addition to being able to handle heavy service, these herd sires represent the best sire lines and cow families available in our program, plus they have the built in convenience traits of homozygous black and polled, easy fleshing ability and inherent docility. We think this is the strongest and deepest set of fall yearling we have ever offered and we hope you agree.*

It is hard to poke a hole in this powerful, Homozygous Black, Homozygous Polled son of Zodiac. Back to the great MAGS Ramada, Bear Bryant keeps calving-ease in check while posting gigantic weaning and yearling EPDs as well as actual numbers. He also ranks in the top 5% for MS and 10% for \$MI while tying all aspects together in an eye-appealing package.

Look at the unique EPD profile of this Homozygous Black, Homozygous Polled son of Aberdeen who features a dam by the legendary female maker, Blue Print and out of the renowned MAGS Manda. In addition to being a EPD trait leader for CE, BW, MA, CM, RE, YG, MS and \$MI, he posted actual performance figures that are every bit as impressive. A big-league, herd-sire prospect if there ever was one.

Any chance you could use a bull who weaned at nearly 850-lbs., posted a 1,429-lb. yearling weight with nearly 40 cm. testicles in addition to a 3.4 UIMF and 16.5 UREA? Not to mention he is homozygous black and out of one of the most highly used AI sires in recent years, MAGS Xyloid. Performance combined with eye appeal never goes out of style.

True cattleman understand that it takes great cows to make great bulls. On the top side he features both MAGS Strawberry and BOHI Rhonda and his mother is one of our most consistent donors as evidenced by her 6 sons offered in this sale. Full brothers sell as Lots 1C and 74 and maternal brothers sell as Lots 27, 28 and 115.

MAGS Xukalani continues to be a go to bull for cattle that are not only eye appealing but high performing. This HOMO black son of his has the added benefit of being out of the dam of MAGS Zodiac. As an added bonus he delivers calving-ease, growth, SC, marbling and \$MI. Full brothers sell as Lots 80 and 100.

**GUARANTEED SIGHT-UNSEEN PURCHASE PROGRAM**

» Our sight-unseen program is simple. If you can't attend, call Kiley McKinna, 402-350-3447 or John Pence, 970-396-3584, and give them your specifications and budget. We will provide you with a list of bulls we feel will meet your needs. If the bulls don't meet your specifications at delivery, you don't own them. We guarantee your bids will be confidential and your purchases will be executed at the lowest bid possible.

**BREED-LEADING PREDICTABLE GENETICS**

» We have spent 30 years creating predictable, time-tested genetics with the combination of balanced EPDs and off the charts performance data. Our cattle perform on paper and in the pasture.
